

Family Works *Wish List*

Family Works is a residential substance abuse treatment center for pregnant women and women who are parenting young children. It is a unique program design as it incorporates apartment living for the mothers and children with onsite treatment. Each mom has her own apartment unit, while the facility has common areas for group treatment work, staff offices, group lunches and activities.

About Heartland Family Service

Heartland Family Service provides critical services to the most vulnerable children and families in our community. Eighty percent of the clients served have annual incomes of \$20,000 or less, and many programs are offered to the public on a sliding fee scale. Every year, staff helps more than 40,000 clients address serious, urgent issues involving child abuse, juvenile crime, family violence, mental illness, substance abuse and poverty. In addition, several programs enrich the lives of metro residents through parent education, support for child care providers, a girls' center and a senior center.
