

Safe Haven *Wish List*

Services at the Heartland Family Service Safe Haven Transitional Shelter are provided to victims of domestic violence as a means of protecting victims from the threat of further abuse. Residents may stay up to two years while they stabilize their living situation. Safe Haven residents are assisted by program staff to develop short- and long-term planning goals such as securing employment or other financial assistance and seeking permanent housing.

About Heartland Family Service

Heartland Family Service provides critical services to the most vulnerable children and families in our community. Eighty percent of the clients served have annual incomes of \$20,000 or less, and many programs are offered to the public on a sliding fee scale. Every year, staff helps more than 35,000 clients address serious, urgent issues involving child abuse, juvenile crime, family violence, mental illness, substance abuse and poverty. In addition, several programs enrich the lives of metro residents through parent education, support for child care providers, a girls' center and a senior center.
