Heartland Housing Sanctuary

Heartland Housing Sanctuary is a program of Heartland Family Service that provides services to survivors of sexual exploitation and trafficking. The program includes Sanctuary House, a crisis stabilization shelter for up to 14 individuals or adults with children. The location of Sanctuary House is confidential to protect the safety of both residents and employees. Crisis stabilization and case management services are available 24 hours a day to provide safe housing and support whenever services are needed. Survivors are able to stay at Sanctuary House up to 90 days and each person is offered comprehensive case management and therapeutic services. The program also offers therapy and skills-based groups that are designed to empower survivors to recover from trauma and lead healthy, independent lives. All services received while at Sanctuary House are free to the survivor.
